Handicapped and Disabled Students (04-RL-4282-10)

I. SUMMARY OF THE MANDATE

Statutes 2004, chapter 493 (Sen. Bill No. 1895) directed the Commission on State Mandates (Commission) to reconsider its prior final decision and parameters and guidelines on the *Handicapped and Disabled Students* program (CSM 4282). On May 26, 2005, the Commission adopted a Statement of Decision on *Handicapped and Disabled Students* (04-RL-4282-10) pursuant to Senate Bill 1895.

The Handicapped and Disabled Students program was enacted in 1984 and 1985 as the state's response to federal legislation (Individuals with Disabilities Education Act, or IDEA) that guaranteed to disabled pupils, including those with mental health needs, the right to receive a free and appropriate public education.

The Commission determined that the test claim legislation imposes a reimbursable state-mandated program on counties pursuant to article XIII B, section 6 of the California Constitution for the activities expressly required by statute and regulation. The Commission also concluded that there is revenue and/or proceeds that must be identified as an offset and deducted from the costs claimed.

Two other Statements of Decision have been adopted by the Commission on the Handicapped and Disabled Students program. They include *Handicapped and Disabled Students II* (02-TC-40/02-TC-49), and *Seriously Emotionally Disturbed (SED) Pupils: Out-of-State Mental Health Services* (97-TC-05).

These parameters and guidelines address only the Commission's findings on reconsideration of the *Handicapped and Disabled Students* program.

II. ELIGIBLE CLAIMANTS

Any county, or city and county, that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

The period of reimbursement for the activities in this parameters and guidelines amendment begins on July 1, 2004.

Pursuant to Government Code section 17560, reimbursement for state-mandated costs may be claimed as follows:

1. A local agency may file an estimated reimbursement claim by January 15 of the fiscal year in which costs are to be incurred, and, by January 15 following that fiscal year shall file an annual reimbursement claim that details the costs actually incurred for that fiscal year; or it may comply with the provisions of subdivision (b).
2. A local agency may, by January 15 following the fiscal year in which costs are incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
3. In the event revised claiming instructions are issued by the Controller pursuant to subdivision (c) of section 17558 between October 15 and January 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

Reimbursable actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of the issuance of the State Controller's claiming instructions. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Claims should *exclude* reimbursable costs included in claims previously filed, beginning in fiscal year 2004-2005, for *Handicapped and Disabled Students II* (02-TC-40/02-TC-49), or *Seriously Emotionally Disturbed (SED) Pupils: Out-of State Mental*

Health Services (97-TC-05). In addition, estimated and actual claims filed for fiscal years 2004-2005 and 2005-2006 pursuant to the parameters and guidelines and claiming instructions for *Handicapped and Disabled Students* (CSM 4282) shall be re-filed under these parameters and guidelines.

Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate. For each eligible claimant, the following activities are eligible for reimbursement:

- A. Renew the interagency agreement with the local educational agency every three years and, if necessary, revise the agreement (Gov. Code, § 7571; Cal. Code Regs., tit. 2, §§ 60030, 60100)
 1. Renew the interagency agreement every three years, and revise if necessary.
 2. Define the process and procedures for coordinating local services to promote alternatives to out-of-home care of seriously emotionally disturbed pupils.

Review the following educational information of a pupil referred to the county by a local educational agency for an assessment: a copy of the assessment reports completed in accordance with Education Code section 56327, current and relevant behavior observations of the pupil in a variety of educational and natural settings, a report prepared by personnel that provided “specialized” counseling and guidance services to the pupil and, when appropriate, an explanation why such counseling and guidance will not meet the needs of the pupil.
 2. If necessary, observe the pupil in the school environment to determine if mental health assessments are needed.
 3. If necessary, interview the pupil and family, and conduct collateral interviews.
 4. If mental health assessments are deemed necessary by the county, develop a mental health assessment plan and obtain the parent’s written informed consent for the assessment.
 5. Assess the pupil within the time required by Education Code section 56344.
 6. If a mental health assessment cannot be completed within the time limits, provide notice to the IEP team administrator or designee no later than 15 days before the scheduled IEP meeting.
 7. Prepare and provide to the IEP team, and the parent or guardian, a written assessment report in accordance with Education Code section 56327. The report shall include the following information: whether the pupil may need special education and related services; the basis for making the determination; the relevant behavior noted during the observation of the pupil in the appropriate setting; the relationship of that behavior to the pupil’s academic and social functioning; the educationally relevant health and development, and medical findings, if any; for pupils with learning disabilities, whether there is such a discrepancy between achievement and ability that it cannot be corrected

without special education and related services; a determination concerning the effects of environmental, cultural, or economic disadvantage, where appropriate; and the need for specialized services, materials, equipment for pupils with low incidence disabilities.

8. Review and discuss the county recommendation with the parent and the appropriate members of the IEP team before the IEP team meeting.

 12. In cases where the parent has obtained an independent assessment, attend the IEP team meeting if requested.
- C. Participate as a member of the IEP team whenever the assessment of a pupil determines the pupil is seriously emotionally disturbed and residential placement may be necessary (Gov. Code, § 7572.5, subds. (a) and (b); Cal. Code Regs., tit. 2, § 60100)
1. Participate as a member of the IEP team whenever the assessment of a pupil determines the pupil is seriously emotionally disturbed and residential placement may be necessary.
 2. Re-assess the pupil in accordance with section 60400 of the regulations, if necessary.
- D. Act as the lead case manager if the IEP calls for residential placement of a seriously emotionally disturbed pupil (Gov. Code, § 7572.5, subd. (c)(1); Cal. Code Regs., tit. 2, § 60110)

Payments are for the costs of food, clothing, shelter, daily supervision, a child's personal incidentals, liability insurance with respect to a child, and reasonable travel to the child's home for visitation. Counties are eligible to be reimbursed for 60 percent of the total residential and non-educational costs of a seriously emotionally disturbed child placed in an out-of-home residential facility.

Beginning July 19, 2005, Welfare and Institutions Code section 18355.5 applies to this program and prohibits a county from claiming reimbursement for its 60-percent share of the total residential and non-educational costs of a seriously emotionally disturbed child placed in an out-of-home residential facility if the county claims reimbursement for these costs from the Local Revenue Fund identified in Welfare and Institutions Code section 17600 and receives the funds.

Code, § 7581; Cal. Code Regs., tit. 2, § 60200, subd. (e)), that are required by an order of a hearing officer or a settlement agreement between the parties to be provided to a pupil following due process hearing procedures initiated by a parent or guardian.

Reimbursement to parents for attorneys' fees when parents prevail in due process hearings and in negotiated settlement agreements is not reimbursable.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in section IV. of this document. Each claimed reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total

costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORDS RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any of the following sources shall be identified and deducted from this claim:

1. Funds received by a county pursuant to Government Code section 7576.5.
2. Any direct payments or categorical funding received from the state that is specifically allocated to any service provided under this program. This includes the appropriation made by the Legislature in the Budget Act of 2001, which appropriated funds to counties in the amounts of \$12,334,000 (Stats. 2001, ch. 106, items 4440-131-0001), the \$69 million appropriations in 2003 and 2004 (Stats. 2003, ch. 157, item 6110-161-0890, provision 17; Stats. 2004, ch. 208, item 6110-161-0890, provision 10), and the \$69 million appropriation in 2005 (Stats. 2005, ch. 38, item 6110-161-0890, provision 9).
3. Funds received and applied to this program from the appropriation made by the Legislature in the Budget Act of 2005 for disbursement by the State Controller's Office, which appropriated \$120 million for costs claimed for fiscal years 2004-2005 and 2005-2006 for the *Handicapped and Disabled Students program* (CSM 4282) and for *Seriously Emotionally Disturbed (SED) Pupils: Out-of-State Mental Health Services* (97-TC-05). (Stats. 2005, ch. 38, item 4440-295-0001, provisions 11 and 12.)
4. Private insurance proceeds obtained with the consent of a parent for purposes of this program.
5. Medi-Cal proceeds obtained from the state or federal government, exclusive of the county match, that pay for a portion of the county services provided to a pupil under the Handicapped and Disabled Students program in accordance with federal law.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

6. Any other reimbursement received from the federal or state government, or other non-local source.

Except as expressly provided in section IV(E)(1) of these parameters and guidelines, Realignment funds received from the Local Revenue Fund that are used by a county for this program are not required to be deducted from the costs claimed. (Stats. 2004, ch. 493, § 6 (Sen. Bill No. 1895).)

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (c), the Controller shall issue revised claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the revised parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the revised parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(2), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and the California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
